The communal areas have been thoughtfully designed as an extension of your home. The pool features saline chlorination treatment, a more environmentally friendly, natural, and healthy option.

The complex also includes an outdoor lounge-kitchen with a barbecue and chill-out area, as well as a communal fully equipped gym, sauna, changing room, and relaxation area. Each apartment includes two parking spaces equipped with pre-installation for electric vehicles, and one storage room. With security in mind, the development is fully enclosed, featuring a pedestrian entrance and CCTV access control.
