Property Description

This residential complex is located in Elviria, an exclusive urbanization in Marbella known for its luxurious villas and townhouses, surrounded by a pleasant natural environment. This peripheral extension of Marbella offers a variety of restaurants, bars, and key services. Elviria is home to some of the best beaches in Marbella, where you will find a wide range of beach bars, beach clubs, and water entertainment options. Renowned golf courses are just a short drive away: Cabopino, Santa María, Santa Clara, and Río Real. In Elviria, the tropical gardens that accompany most of the residential complexes act as a magnificent buffer zone from the outside world, making it a perfect residential area for disconnection and relaxation.

13 four-storey townhouses and a wellness centre designed for those seeking light, privacy, wellbeing and an elevated lifestyle. For a second home or a solid investment on the Costa del Sol.

A four-level design, oriented towards maximizing functionality, natural light, and connection with the outdoors. Each level serves a clear purpose within the residential experience.

As a distinctive feature, all residences will have a private elevator, seamlessly connecting all floors (from the garage to the solarium), providing an additional level of comfort, exclusivity, and accessibility rarely seen in this type of development.
